DING DONG! ALL UP FOR A BOOK REVIEW ABOUT 'THE WORLD'S WORST PARENTS #BEST BOOK EVER!

Thank you all for coming, now to start the story!

Have you ever read 'The World's Worst Parents'? Well I am about to tell you . This is one of David Walliams' newest stories.

This fantastic book is all about how parents can be annoying and embarrassing at times . Luckily for parents this is a fiction text! Anyway , just the great pictures with colours and the fancy writing inside the book are amazing ! Plus the front cover with the message:
 "WARNING terrible parents inside..."
It's SO good!

These weird, annoying and embarrassing parents are like no others, listen to this… there is peter pong a dad who had the stinkiest feet in the world 'poohy' , Posy Pooch a mum who has a dog addiction and she loves dogs more than her husband and daughter, Barry Bovver a dad that is really strong but really dumb, Terry Tetch a dad who hates queuing, Belinda Brag who says things about her daughter that are actually not true because she wants to brag,
Miss Tutelage a mum that is a teacher and goes to the same school as her son
(so embarrassing), Lord Grandiose a dad that is an upper class twit who never ever wants to see his son, Monty Monopolize for his kids birthday's he gets them a present and then takes it for himself , Harriet Hurry goes *way* too fast on her bike and SUPERMUM mum who is……
…..SOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO EMBARRASSING!

See told you they were weird , annoying and embarrassing. I am clever unlike some people (Barry Bovver) !

I definitely 100%, 10000% even recommend this book to children aged 7-12 because it is a hilarious book . **I love this.** I have only just got it and I have read it straight away and have got a brilliant impression of it , so please read it!
